## Laptop, Software Recommendations

 Windows &

 Mac

Shree Bharadwaj ([sbharadwaj@uchicago.edu](mailto:sbharadwaj@uchicago.edu))

The Masters of Science in Analytics Program requires extensive computing some of which will be done directly on your laptop or remotely via RCC or the cloud. It is therefore best to get a laptop and install the necessary software that permits you to complete all coursework in a timely fashion with high quality results.

### Hardware Requirements

Attribute	Minimum	Extended
Processor	Intel core i5 2.4 GHz, 64-bit, dual core or something similar from another vendor	Intel core i7 4GHz, 64-bit, 4 cores or something similar from another vendor
